ROYAL INFIRMARY BRADFORD.

ANNUAL REPORT for 1937.

The Board of Management have pleasure in presenting the 113th Annual Report to the Governors.

The year under review is the first complete year in the new buildings, and it is somewhat difficult therefore to make a comparison of the work done and of the finances with any previous year in the history of the Infirmary. The statistics of patients treated cannot but show a very considerable increase over those of former years owing to the greater accommodation which is available, also there is no doubt that the future will show even larger figures owing to the growing demands which are made on the services of the Infirmary as the result of modern discoveries in medicine and surgery. The work of the Infirmary was very greatly hampered in the old buildings, and some little time must elapse before full advantage can be taken of the improved conditions in the new surroundings. As a result of eighteen months' experience, the Board have under careful consideration many changes in organisation which they trust will have the effect of providing a greatly improved hospital service for the people of Bradford and district.

Patients Treated.

The number of patients admitted to the wards was over 600 more than during the previous year, and the total number of new out-patients some 4,000 more. The figures given below show an interesting comparison with the year 1936 and ten years ago, and will show the large increase in every department:—

	1937.	1936.	1927.
In-patients admitted	6,759	6,138	3,593
Daily Average of Occupied Beds ...	335	296.8	230.15
New Out-patients	20,321	16,826	4,435
Number of Out-patient Attendances ...	124,732	101,285	43,332
Major Operations performed	4,377	4,112	2,522

The above figures include, where applicable, the patients in the Duke of York Home but not the recovery patients at the Woodlands Convalescent Home.

Finance.

As will be seen from the financial summary at the end of this Report, the problem of financing this vast work has caused the Board very considerable concern, and the net result of the year's working has been to add a very large amount to the Hospital's overdraft at the Bank. It would be impossible to face the task of maintaining this great hospital were the Board not firmly convinced that the public of Bradford will see that sufficient funds are forthcoming to carry on the work undiminished in quantity and quality. The Board have carefully examined the routine conduct of the establishment to ensure that all possible economies are put into effect, and it is hoped to effect further economies during 1938.

Future developments.

In common with most other aspects of modern life hospital services are continually changing and developing, and it is impossible for the Board to rest content with present achievements. If the Royal Infirmary is to remain in the front rank of voluntary hospitals it is inevitable that they should look forward to future developments.

The most urgent matter for consideration is the provision of more accommodation for nurses. Owing to the increased demands of medical science more and more nurses are required, and the present Nurses' Home is already filled. In addition to this demand, the Board have decided that it is their duty to provide more nurses in order that the working hours of the nursing staff may be reduced. It is proposed to reduce the duty hours to 96 per fortnight as soon as possible, but, owing to the large number of nurses employed, a very considerable increase of staff will be necessary to do this, and accommodation is not at present available. It is hoped to make a start with the erection of a new wing to the Nurses' Home shortly.

Another development which is foreshadowed is the replacement of the present Radium Department by the new Radium Institute, which is to form Bradford's memorial of the Coronation. It is hoped that 1938 will see the commencement of this most important work.

Obituary.

During the past year the Infirmary has suffered very serious losses amongst its friends and supporters by death. The following are gratefully remembered for their kindness:—

Hy. Binns; Mrs. William Bussey; Mrs. A. E. Carter; Mrs. H. S. Chorley; County Councillor William Clough; Edwin Collins; Sydney Compton; Major Frank A. Crawshaw; G. C. Crookes; A. R. Ellis; Samuel Fenton; Fred Foster, J.P.; Louis Frankland; John Garnett; Benjamin Hanson; John T. Hardaker; Alfred Harper; Frank Hartley; Mrs. E. F. Holdsworth; Alderman J. H. Knowles (Ossett); Jonathan Knowles; R. Leggott; W. B. Lennon; Thomas Lord; Anthony A. McDermott; H. M. Magson; Hiram Midgley; G. B. Parker; Berthold Reif; Percy Robinson; Jasper Rushforth; Alfred Shackleton; Ezra Slack; J. Smith (Shipley); William Sucksmith; Mrs. Sarah Waddilove; Sam Watkinson; W. A. Wightman; James Williams; Dr. Thomas Wilmot; Edgar C. Woodman, J.P.

Mr. Edgar C. Woodman was, at the time of his death, Chairman of the House Committee and one of the most indefatigable members of the Board of Management. His untiring efforts on behalf of the Infirmary and his deep interest in its affairs cannot be adequately expressed, and his great ability will be very much missed by his colleagues on the Board. He had served as a member of the Board since 1929, and was a valued member of practically every committee connected with the Institution.

Dr. Thomas Wilmot was Honorary Physician to the Infirmary from 1891 to 1915, and, although not often seen at the Infirmary of late years, continued to take a great interest in its affairs.

With deep regret the Board note that three Vice-Presidents have passed away in the persons of Fred Foster, Esq., J.P., Thomas Lord, Esq., and Berthold Reif, Esq. Their generous support of the Infirmary is gratefully remembered.

Board.

The Board very much regret that Mr. Ernest Halliday tendered his resignation during the year on account of ill-health, and they would take this opportunity of recording their appreciation of his deep interest in the Infirmary and his valuable help for so many years.

The Board also regret that the departure of Dr. F. W. Eurich from the district will deprive them of the advice and assistance of one whose name is a household word in Bradford.

The following new members were appointed to the Board during the year: Mrs. B. R. Sinkinson, Messrs. A. Croft, W. H. Morley, J. Walton and Major W. H. Thornton.

Bradford Royal Infirmary—Entrance Hall.

Bradford Royal Infirmary—A Ward.

Honorary Staff.

The very grateful thanks of the Committee of Management are given to the members of the Honorary Staff, who have given to the patients of the Hospital the benefit of their skill and devotion during the past year. The members of the Honorary Staff give many hours of service each week, and the aggregate value of those services it is impossible to compute. By an honourable tradition of the medical profession, the same care and attention which is given to paying patients is freely given to the poor, who can make no return, and every patient attending the Hospital is assured of the same skill and kindly attention as his wealthier fellow citizens.

During the year, Dr. O. D. Ballinger resigned his appointment of Honorary Assistant Physician owing to his removal from the district. The cordial thanks of the Board were accorded to Dr. Ballinger for his valuable services. The vacancy thus created was filled by the election of Dr. J. A. Price.

It was decided during the year to increase the Staff by the appointment of an Honorary Dermatologist, and Dr. A. Bigham was appointed to the post.

Ladies' Committee and Ladies' Linen League.

For the valuable assistance of the Ladies' Committee and the Ladies' Linen League the Board render their most grateful thanks. The League has provided much valuable linen for the Infirmary, and the Ladies' Committee has assisted in innumerable ways in the administration of the Infirmary.

Samaritan Society.

One of the major activities of the Ladies' Committee is the administration of the Samaritan Society, whose report is incorporated herewith, and the Board would express their appreciation of the help given by the Society to the poorer patients to enable them to take full advantage of the treatment they receive at the Infirmary.

Woodlands Home.

Considerable use has been made of the Woodlands Home to relieve the congestion of beds at the Infirmary, and the Infirmary is fortunate in having such a Home for

surgical convalescents so near at hand. The Board would express their thanks to the Committee and Staff of the Home for their care and kindness to the patients committed to their charge.

Special Departments.

The demands on the special departments continue to grow rapidly, and the statistics of work done show increases in all directions. The figures of attendances and work done in the various departments are given on page 25.

The latest development in the work of the Infirmary has been the establishment of a department for Diseases of the Skin. The very large numbers of patients attending this clinic since its inauguration is evidence that there was real need for this special department.

Named Beds and Cots.

The Board have pleasure in reporting that five beds have been named during the year as follows:—

The "**Constance Eady Bed**," named by Mr. and Mrs. G. H. Eady in memory of their daughter Constance.

The "**James William and Ida West Firth Bed**," named by a legacy bequeathed by the late Mrs. Ida West Firth in memory of her late husband, Mr. James William Firth, and herself.

The "**Frederick Lister Croft Bed**," named by a donation by his family.

The "**Mrs. Frederick Lister Croft Bed**," named by a donation by her family.

The "**Bradford Midwives' Bed**," named by a donation by the Bradford Midwives' Association.

Gifts.

The Infirmary was again the recipient of many valuable gifts during the year. It is impossible to enumerate all these gifts, but a few of the more important are listed below, and the Board would ask these and all other generous donors to accept their most grateful thanks:—

Bradford Rotary Club: Furnishings for the Medical Library.

Sir Albert Hill and other members of the family of the late Sir James Hill, Bart., J.P.: Portrait of Sir James Hill and rugs for the Board Room.

Mr. F. W. Goyder: Portrait of his father, the late Dr. Goyder, and books for the Medical Library.

Primrose League, Bective Habitation 391: New diet trolley.

Christmas Fund.

The Board would thank all donors to the Christmas Fund for gifts both in money and in kind. The amount

This means the Saving of Life

Since its inception the Bradford Royal Infirmary has made great progress. The demands upon the Hospital have always exceeded the income available, and extensions have continually been made, culminating in the recent opening of the New Infirmary Buildings on one of the healthiest sites in the City.

The new premises, now in occupation, are much larger than the old Infirmary, and greater work by far is being done in every department, therefore

Additional Income is Urgently required.

Please Help.

£70,000 at least must be raised every year for the work of restoring to health the citizens of Bradford and district.

Your friends may also be willing to contribute if you ask them "What would have become of the patients had there been no Infirmary, and what would have happened to the community as a whole?"

received in 1937 was a generous increase on 1936, and enabled the Board to do a great deal towards providing as happy a Christmas as possible for the patients and staff.

Staff.

In July last Mr. J. J. Barron, Secretary-Superintendent, tendered his resignation on the grounds of ill-health after 27 years' service. The Board would record their great appreciation of Mr. Barron's devoted service to the Infirmary, and their hope that he will recover, in the somewhat warmer climate of the South of England, a great measure of good health. The Board have granted a retiring allowance to Mr. Barron, which was supplemented by a cheque and a silver salver from members of the Board and friends as a testimonial to his long service.

Mr. Hy. Trusson, F.C.I.S., late House Governor and Secretary of the Royal South Hants. and Southampton Hospital, Southampton, was appointed as Mr. Barron's successor with the title of House Governor and Secretary.

The Board would gratefully record their appreciation of the skill and kindly care of the Resident Medical and Nursing Staffs, and of the diligence and efficiency with which all members of the staff of the Infirmary carry out their duties.

In conclusion.

Most sincere and grateful thanks are offered to all who have helped the Infirmary during the year. This help has been rendered in many and varied ways, and it is impossible in this Report to mention all individually. A few of these whose names occur to mind are the Honorary Librarian, Mrs. McEwan; the Honorary Solicitor, Mr. T. Hubert Firth; the Members of the Engineering Sub-Committee who have given much valuable advice and supervision; the Clergy who have assisted in the Chapel; Miss Dorothy Robinson for voluntary clerical work; Mr. Robinson Bakes for advice and assistance; the voluntary blood donors, etc., etc. To all these and many others, known and unknown, the Board would say "Thank you."

The needs and responsibilities of the Infirmary are bound to increase greatly in the future, and in thanking all those who have helped, the Board look forward with confidence to a renewal and increase of that help.

(Signed) **Geo. E. Priestman,**

Chairman of the Board.

FINANCIAL SUMMARY.

The finances of the Infirmary have been a matter of great concern to the Board during the last twelve months. It was obvious that the much larger premises and the additional accommodation would entail a greater expenditure, and it was foreseen that a considerable deficit on the Maintenance Fund this year could not be avoided. It is, however, essential that, in the future, income and expenditure should approximate more nearly to one another if the work is not to be impeded. The Finance Committee of the Board are examining very closely both income and expenditure in order, if possible, to increase the one and reduce the other, and they feel confident that their efforts will be rewarded with a considerable measure of success.

Income.

The income on the Maintenance Fund shows an increase of £8,405, and the grateful thanks of the Board are extended to all subscribers and donors for their loyal support.

The Board would especially thank those employers of labour who have generously contributed £11,153, being an increase of £173 on the previous year. The generous support of the employers of the City and surrounding districts proves how greatly they appreciate the work of the Hospital for the sick and needy, and no thanks can be too great for the munificent help thus given.

The grant from the Bradford Hospital and Convalescent Fund is increased from £12,537 to £19,151, and this additional help is a source of great encouragement to the Board. The new Weekly Contribution Scheme which the Fund inaugurated in July, 1937, will, it is hoped, make a great improvement in the finances of the Infirmary, and it has long been felt that the employees of the various firms in the district would welcome an opportunity of contributing in a larger degree to the hospital which has been provided for them.

The benefits provided by the Hospital are, and ever will be, available to the poor and needy without charge, but it is only right that those who can afford should make such contribution to the cost of their treatment as they can without detriment to themselves or their families. The

Board are convinced that it is only necessary to draw the attention of the workers to the heavy cost of providing the treatment they require to secure a hearty response.

It is gratifying to the Board to acknowledge the following generous contributions which have been most acceptable:—

As stated on many occasions this source of income is of great importance in the finances of the Hospital, and the Board record their gratitude to those who have left behind this tangible memorial of their care for the sick and suffering.

Expenditure.

The year under review is the first full year in the new buildings, and, as stated above, the large increase in the accommodation and the very much larger number of patients treated has entailed a much greater expenditure. The total cost of maintenance of the New Infirmary during 1937 was £79,196, or an increase of £15,635 over the expenditure of 1936 when the transfer was made from the old building.

The deficit on the Maintenance Fund for the year is £17,360, and it will be obvious that a repetition of such a large deficit in future years would seriously cripple the work of the Infirmary. The Board appeal with confidence for the further support and assistance of those generous friends who have helped in the past, and would be grateful for new annual subscriptions or donations from others interested.

The task laid upon the Board is one of serious difficulty, but the experience of the past shows that the people of Bradford and district will not allow a great enterprise to fail through lack of funds. The Board, therefore, look forward with hope to a much better financial prospect in 1938, and anticipate that means will be found to continue the work without diminution.

THE ROYAL INFIRMARY BRADFORD

A Named Bed or Cot is one of the best possible means of perpetuating the memory of a relative or friend or of commemorating an important event.

It also ensures for all time the benefactor's association with a great work of healing.

A Bed may be named in perpetuity by a donation or legacy of £1000 and a Cot by a donation or legacy of £500.

Benefactions for the purpose of naming a Bed or Cot are invested and the income applied towards the permanent maintenance of the Bed or Cot.

The "Mrs. Frederick Lister Croft" Bed.

Named by a donation by her family.

1937

The "Bradford Midwives" Bed.

Named by a donation by the Bradford Midwives' Association.

Named Beds and Cots.

It would be difficult to suggest a better or more fitting memorial than a Named Bed or Cot.

In this way the memory of a relative or friend and the generous act of the benefactor are brought into permanent association with a great work of healing.

Each year approximately twenty patients occupy each Bed or Cot so named.

A Bed may be named by a Donation or Legacy of £1000, and a Cot by a Donation or Legacy of £500.

Benefactions for this purpose are invested and the income applied towards the maintenance of the Bed or Cot.

A Tablet, appropriately worded, is affixed to each Named Bed and Cot.

Lady Superintendent's Report.

During the year 1937, 296 enquiries were received from prospective candidates for training and 260 forms of application were sent out. Of these 72 were returned and 45 candidates were accepted for training, including 9 under various affiliated and associated schemes.

Of the 36 candidates entering the Preliminary Training School in 1937, 5 left before completing the three months' trial period and 2 under agreement with the Bingley General Hospital to take the first two years of training there, leaving 29 to enter the School of Nursing, all of whom are still in training.

Three nurses entered from the Bingley Hospital, and two from the Richard Murray Hospital under affiliation schemes. One nurse on the Sick Children's Register and four on the Fever Nurses' Register were accepted for two years' general training. Two nurses from the County Hospital, Clayton, were accepted for one year's experience in surgical nursing under the scheme of association with that Hospital.

Twenty-three probationers entered for the Preliminary State Examination and twenty-one were successful. Seventeen nurses completed the three years' course and passed the school examination, and sixteen were successful in the Final State Examination. Of these, ten were offered and accepted positions as staff nurses at the Infirmary. Ten nurses completed two years' training as affiliated nurses and passed the Final State Examination. Of these, four are remaining for a third year as junior staff nurses to qualify for the Hospital Certificate.

No gold or silver medal was awarded in 1937. Nurse Phyllis Richardson was awarded the bronze medal and nine nurses, on completion of training, were awarded the Hospital's Certificate of Merit.

Several changes have occurred in the qualified staff. Twelve staff nurses from other hospitals have been engaged during the year. Sister Richards was transferred from Ward 9 to Ward 12 to take the place of Sister Picken on her resignation, Sister Ripley being appointed to Ward 9. Sister Atkinson resigned her post in Ward 4 to take a course in housekeeping. Sister Edge was transferred from

Ward 2 to take her place. Sister Parker resigned her post as Junior Night Sister to be appointed Sister in Ward 2, and Staff Nurse Grainger was appointed as Junior Night Sister in her place. Miss Langdon, on completing the housekeeping and administrative course at the end of November, was appointed to a new post, that of Maids' Home Sister. Staff Nurse Croasedale has been appointed Charge Nurse in the Theatre, and Staff Nurse Mansfield as Charge Nurse in the Casualty and Out-patients' Department.

There have been 131 cases of sickness among the nursing staff during the year, the considerable increase being due in some measure to the influenza epidemic in the early part of the year.

The Senior Resident Surgical and Medical Officers have been appointed to lecture to the nurses in Anatomy and Physiology respectively, and in accordance with the new regulations of the General Nursing Council, the course will now include twelve lectures on each subject.

Chestnut House has been opened to provide extra accommodation for the domestic staff, and a Maids' Home Sister appointed in charge who will be responsible for the social welfare of the domestic staff. These arrangements are much appreciated.

A. E. Merry,

Lady Superintendent.

PATHOLOGICAL DEPARTMENT.

Report for 1937.

The amount of work carried out in the Department during 1937 has increased. The continued tendency to elaboration of technical methods, the adoption of which is usually desirable for the resulting increase in reliability, accuracy, or scope of application, is a constant source of embarrassment owing to necessary limitation in staffing.

An example of this is pneumococcal typing, for which until recently only a few types of sera were available. About thirty types are now obtainable, although the extra labour involved in the use of all these is not at present justified. The importance of the determination of type in the common pneumococcal infections has been increased by the apparent susceptibility of the highly lethal type three to treatment with sulphanilamide.

The number of transfusions given in the Hospital has remained at the low level reached in the previous year. With the increasing use of the slow drip method of transfusion it is possible that this reduction may not be maintained. The new method appears to overcome some of the special risks of the older rapid method, and it seems probable that it will replace the latter for routine purposes.

The following figures show much of the work carried out in the Department during 1937—

RADIUM THERAPY DEPARTMENT.

Report for 1937.

The number of new patients applying for radium treatment continues to increase, and for long periods during 1937 there was a list of over 70 patients suffering from cancer awaiting admission. Towards the latter end of the year, some of the radium allocated to this Centre by the National Radium Commission was delivered, but little use could be made of the increased radium supply until some beds in the wards of the Royal Infirmary were made available for the nursing of 'radium' patients.

The Staff has been augmented by the appointment of Mr. R. Crawford as Resident Radium Officer. It is confidently hoped that the creation of this post will help the department to provide a more continuous service than has been possible hitherto, and thus to reduce the list of patients awaiting admission.

The radium beam unit has been constructed with the kind co-operation of the Bradford Technical College. This most valuable addition to the resources of the department cannot yet be used to its full capacity, since the only room suitable for beam therapy is available during a limited number of hours.

With the acute shortage of beds, the totally inadequate laboratory room, the long distance between the radium and deep X-ray therapy departments, and lack of facilities for continuous treatment with the radium beam unit, an Institute designed to meet the growing needs of the department is an urgent necessity.

F. E. Chester-Williams,

Physician-in-Charge,
Radium Therapy Department.

It is to be noted that with the ever-increasing scope of radiology examinations tend to become more elaborate and precise.

By means of a "shift" system, a continuous daily service from 8-30 a.m. till 5-0 p.m. has been arranged in the department to obviate unnecessary waiting on the part of patients.

Closer collaboration with the Radium Department has been achieved.

PSYCHIATRIC OUT-PATIENT CLINIC.

Report for 1937.

During the year 1937 the Psychiatric Clinic has continued to be held at the Bradford Royal Infirmary every Monday afternoon.

The following are the number of cases treated during the year 1937—

1. Number of new cases who attended:

Males	Females	Total
52	60	112

2. Number of old cases who attended:

Males	Females	Total
8	14	22

3. Total number of attendances during 1937:

New Cases.	Males		New Cases	Females		Total.	Grand Total
	Old Cases	Total		Old Cases	Total.		
130	87	217	127	116	243		460

Six males and nine females, a total of fifteen, were visited in the wards of the Royal Infirmary at the request of members of the Staff.

The Bradford Stipendiary Magistrate has continued to send selected persons charged with various offences for a report on their mental condition. During the year, three men and five women were seen for this purpose—the offences being pilfering, drunkenness and indecent behaviour.

The most common forms of disorder dealt with at the Clinic were as follows—

			Males.	Females.
Dementia Præcox	5	2
Melancholia	2	20
Confusional States	4	8
Delusional States	2	5
Epilepsy	9	2
Congenital Mental Defect	5	3
Neurasthenia	14	4
Hysteria	—	3

Other cases included General Paralysis, Senility, Stupor, Mental Dullness, Alcoholism, Drug Addiction, Hyperthyroidism, and Night Terrors.

Of the patients seen at the Clinic during the year, nine males and sixteen females, a total of 25, were admitted to Menston Mental Hospital as Voluntary patients, while three males and two females were admitted as Certified patients.

The results obtained have been encouraging, and the steadily increasing number of patients attending the Clinic each year bears evidence as to its usefulness.

I would like to thank the Staff of the Royal Infirmary for the ready help and encouragement they have given me all along.

R. Clive Walker,

Medical Officer in charge of Department.

LADIES' LINEN LEAGUE.

Report for 1937.

The Ladies' Committee of the Bradford Royal Infirmary have pleasure in presenting their report for 1937.

Whilst nothing outstanding has occurred, yet the Committee feel they can report a year of steady, though uneventful work. Subscriptions have increased by £29/8/9 to £371/12/0, and although there is a substantial balance at the Bank and on deposit, yet it is known that this will be fully drawn upon when the linen purchased for the New Infirmary needs replenishing and the proposed addition to the Nurses' Home has to be equipped. £46/8/8 was spent on material for new curtains and bedspreads for the Sisters' and Staff Nurses' bedrooms.

Members of the Committee paid 273 visits to the Wards, and one member has undertaken to visit the Radium patients permanently.

In addition, 527 many-tailed and 541 "T" bandages were made by members and their friends.

The Committee regret the resignation of Mrs. Stephenson and also of Mrs. Sydney Smith, who had only been a member since March, 1937.

In conclusion, the Committee wish to express their grateful thanks to all Associates and Subscribers, who by their generous help enable the Ladies' Linen League to continue the work it has carried on for so many years.

SAMARITAN SOCIETY.

Report for 1937.

The Committee of the Samaritan Society have pleasure in submitting their 54th Annual Report, and are glad to be able again to report a busy and successful year. We have to regret a decline in subscriptions, and request all present and former subscribers to give as much support as possible to the Society, as owing to the increased number of beds at the Royal Infirmary a greater demand is being made on our resources and we anticipate this will continue.

During the year seventy patients were helped, and artificial limbs, dentures, surgical belts, splints, and other appliances were provided. Food allowances were made to needy patients during convalescence at their own homes, and other patients were assisted by sending them to various convalescent homes at Southport, Morecambe and Rawdon. Railway fares and ambulance charges were paid by the Society.

The Charles Priestley Fund has been greatly used during the year. Two patients have been sent to Sanatoria in Switzerland, one of whom is almost ready for discharge as cured. The other patient is still under treatment, and is expected to be away for some time. He is suffering from a tubercular disease of the bones, and is under treatment at Leysin where he is slowly improving. Food allowances have been made to three other consumptive patients, one of whom died during the year. Gifts of clothing have been made to several needy patients.

The library is still a great boon to the patients in the Infirmary, and our thanks are due to Mrs. McEwan and her helpers, who attend every week to distribute the books.

In conclusion we thank all our friends for their continued support, and the City Guild of Help for their invaluable services in visiting and reporting on the circumstances of the cases; also our thanks are due to members of the Ladies' Linen League Committee of the Bradford Royal Infirmary for visiting cases outside the city boundary; and to Messrs. Boyce, Welch & Co. for their kindness in auditing our accounts.

(Under the Management of the Bradford Royal Infirmary).

Telephone: Bradford 8840-1.

The Duke of York Home has been built to meet the needs of those members of the community who, when ill, do not wish to have treatment in the wards of a charitable hospital, but who cannot afford the charges of ordinary Nursing Homes. The site is about 600 feet above sea level, in one of the healthiest parts of Bradford.

The Home, which is equipped with all the most modern appliances for dealing with medical or surgical cases, contains accommodation for 70 patients, mostly in single rooms. No infectious, mental or normal maternity cases can be admitted.

Patients may be admitted after consultation with any member of the Honorary Medical Staffs of the three Voluntary Hospitals, and St. Luke's Hospital, in Bradford.

Medical Fees are entirely a matter to be arranged between the patient and the Physician or Surgeon.

CHARGES.

From five guineas upwards a week, according to accommodation. These charges include maintenance, nursing and dressings.

EXTRA CHARGES.

Special or extra nurses.

Massage treatment, stimulants and specific prescriptions.

A theatre fee of £1/1/0 will be charged to surgical patients who are in the Home for not more than one week.

The personal laundry of patients must be arranged and paid for by the patients.

No responsibility for money or other valuables belonging to patients will be accepted unless handed in for custody, and an official receipt obtained. It is hoped that valuables will not be brought into the Home.

The visiting hours are 3-0 p.m. to 4-30 p.m., and 7-0 p.m. to 8-0 p.m. daily. Not more than two visitors can be admitted to the same patient at a time.

It is requested that no presents or gratuities be offered to any member of the nursing or domestic staffs, the acceptance of such being forbidden by the Rules.
